

"We"

Bailouts for the filthy rich,
A have not paying for the mucho haves.
Is this Socialism at it's best?
Where's the affordable health care?
Where's the decent public schools?
Is Socaivism only for the rich?
No, we will not have it Voluntarily.
Where's the help for the American Patriots?
The Wall street robbers take it all.
Wearing Rolexes,
Telling the wrong time,
It's an inside job,
Treasury Secretary got the codes.
Now, the vault is squeaky clean.
LINT is left in the taxpayer's pocket.
